

UNIFORM CARE INSTRUCTIONS

The uniforms are polyester.

Machine wash in cold water separately. Use mild detergent and Do Not Bleach. Remove promptly, do not let sit after spin cycle. Hang to Dry. DO NOT DRY CLEAN.

Because our shells (uniform tops) are monogrammed, these require special instructions to keep them looking their best. Due to the fragile nature of monogramming, extra care may be needed. Some stitching may become loose after numerous washings or improper care. Do not over wash these garments.

Spankies: (Panties under uniforms)

These are lycra and cotton. Machine wash separately or with uniform in cold water. Do Not Bleach. Remove promptly. Tumble dry low heat or Hang to Dry.
